SUMMARY

Full Stack Web Developer with a 20+ year background in culinary arts and restaurant management. Recently earned a certificate in Full Stack Development from UNC Chapel Hill in HTML5, CSS3, JavaScript, jQuery, Express.js, React.js, Node.js, Git, and MongoDB. Effective at thinking critically and problem solving in high-paced/intense work environments, team-building, project planning and time management.

TECHNICAL SKILLS

- **Languages:** JavaScript ES6+, CSS3, HTML5, SQL, NoSQL
- **Applications:** GitHub, MongoDB, MySQL
- **Tools:** Express, React, Node, Handlebars, Query, Bootstrap

PROJECTS

Disco at the Dungeon

github.com/iwmwargin/DND-project- | dnd-character-creator1.herokuapp.com/

- A React App that is a digital stat tracker for your Dungeons and Dragons Campaign.
- Assisted with project planning and creation, front-end design with CSS and Bulma, and React.
- MERN stack SPA created with React, Bulma, CSS, Apollo, MongoDB, ExpressJS and Node JS.

Friendless in Seattle

github.com/Clos01/Friendless-in-seattle | friendless-in-seattle.herokuapp.com/

- An app that allows you to connect with people online or offline depending on where you live and what your interests are.
- Primarily handled front-end design duties with Bulma, CSS and Handlebars, also helped with Javascript, running routes and incorporating an Avatar API .
- Utilized Git, HTML, CSS, Bulma, JS, JQuery, Handlebars, Node.js, Express.js, MySQL, Sequelize and Multiavatar API.

Date Night at Home

github.com/iwmwargin/date-night | iwmwargin.github.io/date-night/

- An app that prompts the user to enter a dish they'd like to make. Upon entering it provides them with a recipe and ingredient list, as well as a wine pairing to go with it.
- Handled the majority of the front-end design, initial concept of the app, as well as finding the API's to use.
- Created with HTML, CSS, Bulma, Tasty API, Spoonacular API, Git.

WORK EXPERIENCE

Chef / Nutrition Director

The Little School at Duke | November 2017 - October 2022

- Created weekly menus for 150 kids plus 35+ staff members. This involved 30+ kids that had dietary restrictions that had to be followed closely to prevent allergic reaction or sickness.
- Responsible for the ordering of all food products and ingredients as well as maintaining all equipment, small wares, etc.
- Decreased food cost while increasing quality of goods used. Increased sales of take home meals by 45%.
- Was told by numerous families that the food program was one of the main reasons they enrolled their children at our school.

Chef / General Manager

The Farmery | March 2016 - November 2017

- Responsible for running most aspects of a new start-up; duties ranged from hiring and staff management, sourcing of local products, developing relationships within the community and ordering/management of all goods.
- Maintained a low food cost while increasing sales on a monthly basis.

EDUCATION

Certificate in Full Stack Web Development

University of North Carolina - Chapel Hill | Jun 2022

- Completed a rigorous 6-month program in HTML5, CSS3, JavaScript, jQuery, Express.js, React.js, Node.js, progressive web apps,, database theory, MongoDB, MySQL, and Git.

Associate's Degree

Johnson and Wales University, Charlotte NC | June 2006 | GPA 3.87 Summa Cum Laude

- Completed a 2 year degree in an accelerated 11 month program that focused on Culinary Arts with more traditional college courses as well.
